SERIE-F

SERIE-FS

SERIE-T

SERIE-TS

Features:

- The SERIE Collection is a range of classic post top or suspended lantern with high performance street optic, ideal for historical urban areas.
- Precise light distribution ensures no direct upward light.
- Optional illuminated decorative top cap also available.
- Complementary 'Modern' lanterns available which allows visual consistency through a variety of urban zones.
- These classic designs are quite appropriate for contemporary urban environments and can also be used for lighting parks, playgrounds, lay-bays, car parks.

Specifications:

- The base is made of die-cast aluminium body.
- Available in any RAL color (Customized as per site requirement).
- Available in wall bracket, post-top and a suspended luminaire.
