SPECIAL FEATURE

The Iglo Series is renowned for its expressive design and ability to enhance visual appeal. Offering flexibility, the luminaire heads can be positioned anywhere between 0° and 360° around the pole, whether on single or staggered levels. With pole heights reaching up to 12m, a selection of three arm types, and the option to place lighting points at various heights, it offers unparalleled creative freedom.

* $\pm 5\%$ tolerance

**Bakelite Sheet plate will be fixed inside the lighting column window with 4 way Connector & Channel for MCB Mounting.
